The Great English Remedy. Thorn's Compound Extract of Copaiba and Sarsaparilla,

Possessis advantages not enjoyed by any other medicine for the cure of sexual diseases, which must with an enlightened public render it assuredly highly popular, and a desideratum long sought for in the medical world. It needs no confinement or change of dist. In its approved form, that of paste, it is entirely tasteless, and causes no unpleasant sensation to the putient. It has acquired the utmost fame in almost every part of Europe; it has been examined, approved of, and sanctioned by the faculty of medicine, and recommended by the most eminent of the profession. by J. W. THORN, Chemist, London, and for sale,

Druggists and Dealers will observe on each dozen cackage the following label: INFORTANT CAUTION.—The increased reputation an great demand for Thorn's Compound Extract of Copai-ba and Sarsaparilla, have been inducements for others to offer imitations of this valuable medicine. Venders are particularly warned of this fact, that they may be on their guard, and not dispose of any impure article, calculated to injure their reputation, and destroy the merits of the original preparation, to obviate which the Subscriber (successor to James Tarrant, by whom it was first introduced into the United States) has at tached his signature to this caution, to counterfeit which is forgery. Have, in many cases, defied the skill, heretofore of the best medial practitioners in the world, and many cases have been abandoned as incurable studying closely the practice of Drs. Abernathy and J. Johnston, England, and observing the nature of the disease in all its stages, during a sojourn in the southern and western portions of the United States, where it prevails to a greater extent than elsewhere, procured from South America, certain roots and herbs, from which he prepared an "Elixir," which, after eighteen years' use in private practice, has proved itself more afficacious in the cure of Dyspepsy, than any medicine

that has ever been prepared in any age or any clime

or the same purpose.

Having submitted it, with an explanation of its conponents, to a number of Physicians of Philadelph a, a mong whom were the late bes. Joseph Hartshorne and J. C. Morton, it has received their entire approval, and many of the Medical Faculty are now not only prescribing it for their patients, but are using it themselves personally, and in their families. As a tonic, it is une qualled, and its properties are of so invigorating a na ure, that it is given with perfect safety and success to the most tender infants.

The "Elixir" is very gradual, but certain in its action upon the organs of digestion, the increased secretions of the liver, pancreas and mucus membrane of the stomach, and requires that only one dose be taken in twenty four hours; for confirmed Dyspepsy, can only be cured by gradually restoring the organs of digea-tion to a healthy state. The great success met with in curing the most aggravated cases of Dyspepry, accom-panied sometimes with a high grade of hypochondria-sis, has established the most unbounded confidence in the curative properties of this "Elixir:" in corroboration of which, read the following testimonials:—
ATESTATION.—We having used Williams "AntiDyspeptic Elixir" with the most perfect salisfaction and
success, take great pleasure in recommending it to all
persons suffering with Dyspepsy, as we are fully coninced of its most estimable qualities in restoring the igestive powers, removing all pains and uneasiness, and imparting a healthy tone to the stomach.
